Resolution 5: Ratification of prior issue of shares

Background

As noted above, the Company is seeking shareholder approval to ratify the issue of 177,599,968 Shares on 27 October 2021 at an issue price of \$0.015 (1.5 cents) per Share on the terms as announced on 21 October 2021.

The Shares were issued without shareholder approval from the Company's existing Placement Capacity under ASX Listing Rule 7.1 and 7.1A.

ASX Listing Rules

ASX Listing Rules 7.1 and 7.1A allow the Company to issue new securities up to 25% of the existing capital of the Company in any 12-month period without the prior approval of Shareholders. The issue of the Shares under tranche one of the Placement was within the Company's available placement capacity under ASX Listing Rules 7.1 and 7.1A, with 106,899,968 Shares issued from the Listing Rule 7.1 15% facility and 70,700,000 Shares issued from the Listing Rule 7.1A 10% facility.

Under ASX Listing Rule 7.4 an issue of securities will be treated as having been made with the approval of shareholders for the purposes of ASX Listing Rules 7.1 and 7.1A if the issue did not breach ASX Listing Rules 7.1 and 7.1A at the time and shareholders subsequently approve it. The Company now seeks Shareholder ratification of the issue pursuant to ASX Listing Rule 7.4 in order to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain shareholder approval for such issues under Listing Rule 7.1.

If Resolution 5 is approved, the prior issue of the 177,599,968 Shares may be treated by the Company as having been made with Shareholder approval under ASX Listing Rules 7.1 and 7.1A. The Company will therefore be able to issue additional equity securities without the Shares the subject of Resolution 5 counting towards the 15% threshold for the purposes of ASX Listing Rule 7.1 or the 10% facility limit for the purposes of ASX Listing Rule 7.1A.

If this Resolution 5 is not approved, the prior issue of 177,599,968 Shares will not be treated by the Company as having been made with Shareholder approval under ASX Listing Rules 7.1. The Company will therefore have 106,899,968 Shares remaining as issued from its 15% facility for the purposes of ASX Listing Rule 7.1 and 70,700,000 Shares issued from its 10% facility for the purposes of Listing Rule 7.1A. This will limit the Company's placement capacity under the Listing Rule 7.1 and Listing Rule 7.1A.

ASX Listing Rule 7.5 requires that the following information be provided to Shareholders for the purpose of obtaining Shareholder approval pursuant to ASX Listing Rule 7.4:

- a) the Shares were issued to a range of professional and sophisticated investors. There were no participants in the Placement that were investors required to be disclosed under ASX Guidance Note 21;
- b) the number and class of securities issues was 177,599,968 fully paid ordinary shares in the Company;
- c) the Shares were issued on 27 October 2021;
- d) the Shares were issued at an issue price of \$0.015 (1.5 cents) per share;
- e) the purpose of the issue is to raise funds to be used to continue exploration at Western Australian copper projects, including a staged drill program at Greenrocks project exploration activities at Earraheedy and Kimberley copper projects and for general working capital.

Board Recommendation

The Board recommends that shareholders vote in favour of Resolution 5. The Chairman of the meeting intends to vote undirected proxies in favour of the Resolution.

Resolution 6: Approval of issue of Free Attaching Options under Tranche One

Background

As part of the Company's Placement announced to the market on 21 October 2021, as referred to in the background above, the Company agreed, subject to any required shareholder approval, to issue 88,800,000 free attaching listed Options to recipients of the 177,599,968 Shares issued under tranche one of the Placement on the basis that one (1) Option would be issued for every two (2) Shares issued.

The Company is seeking shareholder approval under Resolution 6 to issue the 88,800,000 Options.

ASX Listing Rule 7.1

As noted above, the Company has entered into an agreement to issue the Options ("the Issue").

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The Issue does not fall within any of the relevant exceptions and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of the Company's shareholders under Listing Rule 7.1.

Resolution 6 seeks the required shareholder approval to the Issue under and for the purposes of Listing Rule 7.1.

If Resolution 6 is passed, the Company will be able to proceed with the Issue and will issue the Options to participants in tranche one of the Placement. In addition, the Issue will be excluded from the calculation of the number of equity securities that the Company can issue without shareholder approval under Listing Rule 7.1.

If Resolution 6 is not passed, the Company would not be able to proceed with the Issue and would not issue the Options to participants of tranche one of the Placement.

ASX Listing Rule Disclosure Requirements

The following information is provided in relation to Resolution 6, as required by ASX Listing Rule 7.3:

- a) the free attaching options will be issued to recipients of Shares issued under Tranche One of the Placement as announced on 21 October 2021, who were a range of professional and sophisticated investors. There are no participants in the Placement that were investors required to be disclosed under ASX Guidance Note 21;
- b) the number and class of securities being issued is 88,800,000 Options on the basis of one (1) Option for each two (2) Shares issued under Tranche One of the Placement, rounded down to the nearest whole number as required;
- c) a summary of the material terms of the Options are:
 - the Options are intended to be quoted on the ASX, subject to approval by the ASX;
 - each Option shall entitle the holder to receive, upon exercise, one fully paid ordinary share in the Company;

- the Options shall vest immediately upon issue;
 - exercise price shall be \$0.025 (2.5 cents) per Option;
 - the Options shall expire on 30 December 2022;
- d) the Options will be issued by no later than three (3) months after the date of the Meeting;
- e) the Options will be issued for nil consideration as free attaching Options in connection with the Placement, therefore the Company will not receive any funds from their issue. In the event that all these Options are exercised, the Company will receive up to \$2,220,000 which the Company intends to apply towards its exploration activities and general working capital purposes.

Board Recommendation

The Board recommends that shareholders vote in favour of Resolution 6 to approve issue of 88,800,000 Options as described above.

Voting Exclusions

Refer to Note 6 for voting exclusions.

Resolution 7: Approval of issue of Shares and Free Attaching Options under Tranche Two

The Company seeks shareholder approval under Resolution 7 to issue 144,400,002 Shares and 72,200,001 Options (the "issue") under tranche two of the Placement.

ASX Listing Rule 7.1

Subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The Issue does not fall within any of the relevant exceptions and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of the Company's shareholders under Listing Rule 7.1.

Resolution 7 seeks the required shareholder approval to the Issue under and for the purposes of Listing Rule 7.1.

If Resolution 7 is passed, the Company will be able to proceed with the Issue and raise \$2.16 million from the issue of 144,400,002 Shares or any monies on any future conversion of Options into Shares.

If Resolution 7 is not passed, the Company would not be able to proceed with the Issue and will not be able to raise \$2.16 million from the issue of 144,400,002 Shares or any monies on any future conversion of Options into Shares.

ASX Listing Rule Disclosure Requirements

The following information is provided in relation to Resolution 7, as required by ASX Listing Rule 7.3:

- a) the Shares and Options will be issued to the Unrelated Vendors, being a range of professional and sophisticated investors. There are no participants in the Placement that are investors required to be disclosed under ASX Guidance Note 21;
- b) the number and class of securities being issued is 144,400,002 fully paid ordinary shares and 72,200,001 listed Options (ASX:PUAOD) in the Company;
- c) a summary of the material terms of the Options are:
 - the Options are intended to be quoted on the ASX, subject to approval by the ASX;
 - each Option shall entitle the holder to receive, upon exercise, one fully paid ordinary share in the Company;
 - the Options shall vest immediately upon issue;
 - exercise price shall be \$0.025 (2.5 cents) per Option;
 - the Options shall expire on 30 December 2022;
- d) the Shares and Options will be issued by no later than three (3) months after the date of the Meeting;
- e) the Shares will be issued at an issue price of \$0.015 (1.5 cents) per share and the Options will be issued for nil consideration as free attaching options. In the event that all these Options are exercised, the Company will receive up to \$1,805,000 which the Company intends to apply towards its exploration activities and general working capital purposes;
- f) the purpose of the issue is to raise funds to be used to continue exploration at Western Australian copper projects, including a staged drill program at Greenrocks project exploration activities at Earahedy and Kimberley copper projects and for general working capital; and

g) The other material terms of the Issue under this Resolution are set out above.

Board Recommendation

The Board recommends that shareholders vote in favour of Resolution 7. The Chairman of the meeting intends to vote undirected proxies in favour of the Resolution.

Voting Exclusions

Refer to Note 6 for voting exclusions.

ASX Listing Rules

Directors of the Company are related parties of the Company and therefore Shareholder approval for the participation of the abovenamed Director of the Company in the Placement is required under ASX Listing Rule 10.11.

Mr Robert Boston	1,333,641	0.15	250,057 Listed Options exercisable at \$0.025 and expiring 30 December 2022 8,000,000 Unlisted Options exercisable at \$0.0331 and expiring 30 December 2022

Corporations Act

The Board has formed the view that the issues of Options to the above Directors (or their respective nominee(s)) do not require Shareholder approval under section 208 of the Corporations Act as the issues constitute "reasonable remuneration" in accordance with section 211 of the Corporations Act.

A "financial benefit" is defined in section 229 of the Corporations Act and includes granting an option to a related party.

Section 228 of the Corporations Act defines a "related party" for the purposes of Chapter 2E to include:

- directors of the public company (section 228(2)(a)); and
- an entity controlled by directors of the public company (section 228(4)). Section 228(5) provides that an entity is a related party of a public company at a particular time if the entity was a related party of the public company of a kind referred to in subsection (1), (2), (3) or (4) at any time within the previous 6 months.

In reaching this view, the Board considers the proposed grant of Options aligns the interests of each of the above Directors with the interests of Shareholders. The grant of Options to each of the above Directors is a cost-effective form of remuneration when compared to the payment of cash consideration.

Consistent with the desire to minimise cash expenditures, the Board believes that having regard to the Company's current cash position, and the Company's objective to use available cash to fund its operations in the near future, and in order to compensate the above Directors in line with current market practices, Options provide an appropriate and meaningful remuneration component to the above Directors that is aligned with Shareholder interests. In addition, the estimated values of the Options are not excessive when compared to the respective Directors' other remuneration from the Company. The Options also provide additional remuneration which reflects the additional executive services that the Directors provided to the Company, beyond the scope of their non-executive director duties, while the Company was undertaking a search for a Chief Executive Officer, and for which they have received no additional remuneration.

Each Director who is proposed to receive Options was not present during the decision-making process, including any decision to put to shareholders the proposed issue of their respective Options or otherwise regarding the proposed issues of their respective Options.

If Resolutions 11, 12 and 13 are passed and the Options are issued, each of the Directors proposed to receive securities under Resolutions 11, 12 and 13 (including direct and indirect interests) will have a relevant interest as set out in the table above.

ASX Listing Rule 10.11

Listing Rule 10.11 provides that a listed company must not, without the approval of shareholders, issue or agree to issue equity securities to certain persons, including:

- 10.11.1: related party; or
- 10.11.4: an associate of a related party.

The proposed issue of the Options falls within Listing Rules 10.11.1 and/or 10.14.4 above, as the proposed recipients of the Options are directors of the Company and are therefore related parties of the Company. The proposed issue of the Options therefore requires the approval of the Company's shareholders under Listing Rule 10.11.

Resolutions 11, 12 and 13 seek the required shareholder approval to the issue under and for the purposes of Listing Rule 10.11.

If Resolutions 11, 12 and 13 are passed, the Company will be able to proceed with the issue of the Options and the Directors (or their nominee(s)) will receive the numbers of Options set out in the table above, with the increase in their remuneration and potential increase in their shareholdings as described on pages above.

If all or any of Resolutions 11, 12 and 13 are not passed, the Company will not proceed with the issue of the Options to the applicable Director(s), and the applicable Director(s) (or their nominee(s)) will not receive the Options or potential shareholdings as described above.

If approvals are given under ASX Listing Rule 10.11, approvals are not required under ASX Listing Rule 7.1.

The following information is given under ASX Listing Rule 10.13 in respect of the proposed issues of Options to each Director under Resolutions 11, 12 and 13 (respectively):

- (a) the proposed recipients are, Mr Robert Boston, Ms Oonagh Malone and Mr Mathew James O'Hara, each of whom is a Director of the Company, or their respective nominee(s) (each of which would be an associate of the respective Director);
- (b) each of the proposed recipients are related parties of the Company as each of them is a director of the Company;
- (c) Each of Mr Robert Boston, Ms Oonagh Malone and Mr Mathew James O'Hara are to be issued 15,000,000 Options, being a total of 45,000,000 Options;
- (d) a summary of the material terms of the Options is included in Annexure A;
- (e) the Options will be issued no later than one month after the date of the Meeting;
- (f) the Options will be issued for nil consideration;
- (g) the Options will be issued as remuneration. As such there is no issue price for, and the Company will not receive cash from, the issue of the Options. Funds raised upon exercise of the Options will be applied to the working capital requirements of the Company at the time of exercise;

(h) the current total remuneration packages of each of Mr Robert Boston, Ms Oonagh Malone and Mr Mathew James O'Hara are set out on page 14, above.

Board Recommendation

The Board (with the respective directors abstaining in relation to the relevant Resolution regarding their own proposed Options) recommends that shareholders vote in favour of Resolutions 11, 12 and 13. The Chairman will vote undirected proxies in favour of Resolutions 11, 12 and 13.

Voting Exclusions

A voting exclusion statement is set out in Note 6 of this Notice.

Resolution 14: Approval of 10% Placement Facility

Background

Listing Rule 7.1A enables an eligible entity to issue Equity Securities up to 10% of its issued share capital through placements over a 12 month period after the Annual General Meeting ("**10% Placement Facility**"). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is seeking shareholder approval by way of a special resolution to have the ability, if required, to issue Equity Securities under the 10% Placement Facility. The effect of Resolution 13 will be to allow the Directors to issue Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

If Resolution 14 is passed, the number of Equity Securities permitted to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (see below) and the Company will be able to issue Equity Securities from the 10% Placement Facility, as noted below, without any further shareholder approval.

If Resolution 14 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without shareholder approval set out in Listing Rule 7.1.

Resolution 14 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote at this Meeting (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Description of Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an Annual General Meeting. This means it requires approval of 75% of the votes cast by shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

(b) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company and must be issued for cash consideration.

The Company, as at the date of the Notice, has on issue Fully Paid Ordinary Shares, Listed and Unquoted Options.

(c) Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an Annual General Meeting may issue or agree to issue, during the 12 month period after the date of the Annual General Meeting, a number of Equity Securities calculated in accordance with the following formula:

(A x D) – E

A is the number of shares on issue at the commencement of the “relevant period” (which, for the Company, is the 12 month period immediately preceding the date of the issue or agreement):

- (A) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2, other than exception 9, 16 or 17;
- (B) plus the number of fully paid shares issued in the relevant period on the conversion of convertible securities within rule 7.2 exception 9 where:
 - (i) the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - (ii) the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved, under rule 7.1 or rule 7.4;
- (C) plus the number of fully paid shares issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - (i) the agreement was entered into before the commencement of the relevant period; or
 - (ii) the agreement or issue was approved, or taken under the Listing Rules to have been approved, under rule 7.1 or rule 7.4;
- (D) plus the number of fully paid shares issued in the relevant period with approval of holders of shares under Listing Rules 7.1 and 7.4;
- (E) plus the number of partly paid shares that became fully paid in the relevant period;
- (F) less the number of fully paid shares cancelled in the relevant period.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by shareholders under Listing Rule 7.1 or 7.4.

(d) *Listing Rule 7.1 and Listing Rule 7.1A*

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2

(e) *Minimum Issue Price*

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(f) *10% Placement Period*

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the Annual General Meeting at which the approval is obtained and expires on the first to occur of the following:

- (i) The date that is 12 months after the date of the Annual General Meeting at which the approval is obtained.

- (ii) The time and date of the Company's next annual general meeting.
- (iii) The time and date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

(10% Placement Period).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) The period for which the Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A will be valid commences on the date of the Annual General Meeting at which the approval is obtained, being 13 December 2021, and expires on the first to occur of the following:
 - (i) the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained, being 13 December 2022;
 - (ii) the time and date of the Company's next annual general meeting;
 - (iii) the time and date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).
- (b) The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the securities; or
 - (ii) if the Equity Securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (c) The purposes for which the funds raised by an issue of Equity Securities under rule 7.1A.2 may be used by the Company include:
 - (i) consideration for the acquisition(s) of the new assets and investments, including the expenses associated with such acquisition(s); and
 - (ii) continued expenditure on the Company's current business and/or general working capital.
- (d) If Resolution 13 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the table below. Shareholders may also be exposed to economic risk and voting dilution, including the following:
 - (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the market price of Shares as at 8 November 2021 (**Current Share Price**) and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Issue Price		
		\$0.085 50% decrease in Current Share Price	\$0.017 Current Share Price	\$0.034 100% increase in Current Share Price
Current Variable A 89,030,262 Shares	10% Voting Dilution	89,030,262 Shares		
	Funds raised	\$756,757	\$1,513,514	\$3,027,029
50% increase in current Variable A 133,545,393 Shares	10% Voting Dilution	133,545,393 Shares		
	Funds raised	\$1,135,136	\$2,270,272	\$4,540,543
100% increase in current Variable A 1,780,605,240 Shares	10% Voting Dilution	1,780,605,240 Shares		
	Funds raised	\$1,513,514	\$3,027,029	\$6,054,058

The table has been prepared on the following assumptions:

- The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- No Options (including any Options issued under the 10% Placement Facility) are exercised into Shares before the date of the issue of the Equity Securities;
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Annual General Meeting.
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Options, it is assumed that those Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
- The Current Share Price is **\$0.017** (1.7 cents), being the closing price of the Shares on ASX on **8 November 2021**.

- (e) The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:
- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issue or other issue in which existing security holders can participate;
 - (ii) the effect of the issue of the Equity Securities on the control of the Company;
 - (iii) the financial situation and solvency of the Company; and
 - (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new businesses, assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new businesses, assets or investments.

- (f) Information about equity securities issued under Rule 7.1A.2 in the 12 month period preceding the date of the Meeting:
- (i) the total number of equity securities issued or agreed to be issued under rule 7.1A.2 in that 12 month period: 70,700,000 fully paid ordinary shares, issued on 27 October 2021;
 - (ii) percentage they represent of the total number of equity securities on issue at the commencement of that 12 month period: 9.4%;

- (iii) in relation to the issue made on 27 October 2021:
- a. the securities were issued to professional and sophisticated investors, as arranged by the manager of the relevant capital raising;
 - b. the securities issued were 70,700,000 fully paid ordinary shares;
 - c. the issue price was \$0.015 (1.5 cents) per share, which was a 6.25% discount to the closing market price on the date of the agreement to issue the Shares;
 - d. Cash consideration from issue
 - i. Total cash consideration received: \$1,060,500;
 - ii. Amount of that cash which has been spent: Nil
 - iii. Intended use for the remaining amount of that cash: to advance the exploration of the Company's mineral projects and for general working capital purposes;
- (iv) the Company has not agreed to issue any Equity Securities under Rule 7.1A.2 other than those referred to above; and
- (v) the Company has not agreed, before the 12 month period referred to in the preceding paragraph, to issue any Equity Securities under Rule 7.1A.2 where such securities remain unissued as at the date of the Meeting.

Directors Recommendations

The Directors of the Company believe that Resolution 14 is in the best interests of the Company and unanimously recommend that Shareholders vote in favour of this Resolution. The Chairman of the meeting intends to vote undirected proxies in favour of the Resolution.

Voting Exclusions

As at the date of dispatch of this Notice, the Company is not proposing to make an issue of Equity Securities under Listing Rule 7.1A.2 and, therefore, a voting exclusion statement is not required by Listing Rule 7.3A.7.

The following are the terms of the Options proposed to be issued to the Directors under Resolutions 11, 12 and 13

- a) The Options will be issued for no consideration.
- b) Each Option entitles the holder to be issued one Share on exercise.
- c) The exercise price of Options issued under Tranche One is \$0.03 per Option and of Options issued under Tranche Two is \$0.05 per Option.
- d) The Options are exercisable by the holder at any time from three years from the date of issue.
- e) The Company will provide to each Option holder a notice that is to be completed when exercising the Options (Notice of Exercise). Options may be exercised by an Option holder, in whole or in part, by completing the Notice of Exercise and, except where an Option is being exercised by way of a cashless exercise (see below), accompanied by payment in full for the relevant number of Shares being subscribed, being the exercise price multiplied by the number of Options exercised.

At the time of exercise of the Option, subject to Board approval at that time, the Holder may elect not to be required to provide payment of the exercise price for the number of Options specified in a notice of exercise, but that on exercise of those Options the Company will transfer or issue to the Holder that number of Shares equal in value to the positive difference between the Market Value of the Shares at the time of exercise and the exercise price that would otherwise be payable to exercise those Director Options.

'Market Value' means, at any given date, the volume weighted average price per Share traded on the ASX over the five trading days immediately preceding that given date, unless otherwise specified in an invitation.

- j) The Company will apply to ASX for quotation of the Shares issued on exercise of the Options.
- k) The Company will ensure, for the purposes of determining entitlements to any entitlement issue, that the Option holder will be notified of a proposed entitlement issue after the issue is announced. This will give Option holders the opportunity to exercise their Options prior to the date for determining entitlements to participate in such issues.
- l) If there is a bonus issue to the holders of the underlying securities, on the exercise of any Options, the number of securities received will include the number of bonus securities that would have been issued if the Options had been exercised prior to the record date for bonus issues. The exercise price will not change.
- m) In the event of a pro rata issue (except a bonus issue) of Shares offered or made to the holders of Shares, the exercise price of each Option existing on the record date for determining entitlements in relation to the pro rata issue will be reduced in a proportion as considered appropriate by the Board.
