

2022 Corporate Governance Statement

The Board of Peak Minerals Limited (**Peak** or the **Company**) is responsible for the overall corporate governance of the Company and its subsidiaries (together the **Group**) and monitors the operational and financial position and performance of the Group and oversees its business strategy, including approving its strategic goals. The Board believes that good corporate governance helps ensure the future success of the Company, adds value to stakeholders and enhances investor confidence.

The Board has created a framework for managing the Company including adopting relevant internal controls, risk management processes and corporate governance policies and practices which it believes are appropriate for the Company's business and which are designed to promote the responsible management and conduct of the Company. In establishing its corporate governance framework, the Board has referred to the 4th edition of the ASX Corporate Governance Councils' Corporate Governance Principles and Recommendations (**ASX Recommendations**).

The ASX Listing Rules require listed companies to prepare a statement disclosing the extent to which they have complied with the Recommendations during the reporting period. The Recommendations are not prescriptive, such that if a company considers a recommendation to be inappropriate having regard to its own circumstances, it has the flexibility not to follow it. Where a company has not followed all the Recommendations, it must identify which Recommendations have not been followed and provide reasons for not following them.

This Corporate Governance Statement (**Statement**) discloses the extent to which the Company has followed the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation. This Statement should be read in conjunction with the material on our website <https://www.peakminerals.com.au/>, including the 2022 Annual Report.

This Statement is current as at 29 September 2022 and has been approved by the Board of Directors of Peak Minerals Limited.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.1 - Role of the Board and Management

The role of the Board is to approve the strategic direction of the Group, guide and monitor the management of the Company and its businesses and oversee the implementation of appropriate corporate governance with respect to the Group's affairs. The Board aims to protect and enhance the interests of its shareholders, while taking into account the interests of other stakeholders, including employees, customers, suppliers and the wider community.

The Board has a formal Board Charter which is available on our website at <https://www.peakminerals.com.au/corporate-governance> that clearly sets out those matters expressly reserved for the Board's determination and those matters delegated to management.

The Board delegates the responsibility for day-to-day management of the Company and its businesses to the Managing Director (MD) (or Chief Executive Officer (CEO)). The MD (or CEO) is supported by the senior executive team and delegates authority to appropriate senior executives for specific activities and transactions via a formal 'delegations of authority'. The Board maintains ultimate responsibility for strategy, control and risk profile of the Group.

Recommendation 1.2: Appointment of Directors

The Remuneration and Nomination Committee (or in its absence, the Board) facilitates the selection and appointment of Directors. Before the Board appoints a new Director or puts forward a candidate for election, the Remuneration and Nomination Committee will ensure that appropriate background checks are undertaken. The Board also performs the same checks ahead of appointing any senior executive to the Company.

We provide our shareholders with all material information in our possession that is relevant to their decision on whether or not to elect or re-elect a Director through a number of channels, including via the notice of meeting and other information contained in the 2022 Annual Report.

Recommendation 1.3: Appointment Terms

Upon appointment, each Director receives a letter of appointment which sets out the formal terms of their appointment. Directors also receive a deed of indemnity, insurance and access.

Each senior executive has a written contract with the Company, setting out the terms of his or her appointment, including remuneration entitlements and performance requirements.

Details of executive contracts in place are detailed in the Company's Annual Remuneration Report in the June 2022 Annual Report.

Recommendation 1.4: Company Secretary

The Board is supported by its Company Secretary, whose role includes supporting the Board on governance matters, assisting the Board with meetings and directors' duties, and acting as an interface between the Board and senior executives across the Group. The Board and individual Directors have access to its Company Secretary.

Under the Company's governance framework, the Company Secretary is accountable to the Board, through the Chair, on all matters regarding the proper functioning of the Board. The Board is responsible for the appointment of the Company Secretary.

Details regarding our Company Secretary, including experience and qualifications, is set out in the Directors' Report in our 2022 Annual Report.

Recommendation 1.5: Diversity Policy

The workforce of the Company comprises individuals with diverse skills, backgrounds, perspectives and experiences and this diversity is valued and respected. To demonstrate the Company's commitment to developing measurable objectives to achieve diversity and inclusion in its workplace, the Company has adopted a Diversity Policy which can be viewed at <https://www.peakminerals.com.au/corporate-governance>.

The Company's policy has meritocracy as a guiding principle and seeks to align the Company's management systems with its commitment to continue to develop a culture that values and achieves diversity in its workforce and on its Board.

The Board and management consider building a diverse and inclusive workforce as paramount to gaining the best insight into the needs of our customers and stakeholders. A diversity of perspectives and backgrounds also strengthens creativity and innovation in teams. Particular focus is paid to achieving a balance of men and women in senior management positions across the Group.

The proportion of women on the Board, in senior executive positions and women across the entire organisation as at the date of this report is as follows:

- Women on the Board – 33.33%
- Women in senior executive positions – 100%
- Women across the entire organisation (excluding the Board) – 100%

Due to the current size and composition of the organisation the Board does not consider it appropriate to provide measurable objectives at this time. However, the Company is committed to ensuring that the appropriate mix of skills, expertise, and diversity are considered when employing staff at all levels of the organisation and when making new senior executive and Board appointments and is satisfied that the composition of employees, senior executives and members of the Board is appropriate. As such, the Company does not comply with this Recommendation in its entirety.

A “senior executive” for these reporting purposes is defined as the Chief Executive Officer and any person who reports directly to the Managing Director or Chief Executive Officer.

The Company is not considered a “relevant employer” under the Workplace General Equality Act 2012, as it is not a non-public sector employer with 100 or more employees in Australia for any six months or more of a reporting period.

Recommendation 1.6: Board, Committee and Individual Directors Performance Assessment

The Board is committed to formally evaluating its performance, the performance of its Committee(s) (if applicable) and individual Directors, on an annual basis, as well as the governance processes supporting the Board.

Due to changes in the Board membership throughout the year and the short service periods of some directors during that time, the Board considered that it was not practicable to conduct a formal individual director performance assessment during the year. A formal individual director performance assessment will be conducted in FY2023.

The Board does not currently have any separate committees due to the size and nature of the Company and thus Committee performance assessments were not applicable. The assessment of performance of duties of directors under the Committees was conducted as part of Board performance assessment.

As such, the Company does not comply with this Recommendation in its entirety.

Recommendation 1.7: Senior Executive Performance Assessment

Senior Executives are appointed by the CEO and their Key Performance Indicators (**KPI's**) contain specific financial and non-financial objectives. These KPI's are reviewed annually by the CEO. The performance of each Senior Executive against these objectives is evaluated annually.

In the case of the CEO, this review is conducted by the Chair and the results are reported to the Board.

Due to the changes in the Company during the year and shortened periods of service, the Board considered that it was not practicable to conduct a formal performance assessment during that period. A performance evaluation will be conducted in FY2023.

As such, the Company does not comply with this Recommendation in its entirety.
